Two Splendid Entertainments

Kinemacolor Pictures and Tremont Temple Travel Lectures

COMBINED

FRIDAY Evenings- SATURDAY Afternoons

Before the Kinemacolor Pictures were booked in Tremont Temple, the management had completed all arrangements for the usual series of Travel Lectures given Friday evenings and Saturday afternoons throughout the season, commencing Nov. 3 and 4.

The Kinemacolor Pictures being so favorably received, and the travel lectures having such an enthusiastic following, the only solution as to which entertainment should be cancelled seemed to be the combination of the two entertainments in one for a single admission.

This we have decided to do, and the first Friday evening and Saturday afternoon about one half of the entertainment will be devoted to the lecture on

"Beauty Spots of America"

By Roland Dwight Grant

who is one of the most eloquent men on the lecture platform today. Dr. Grant is the originator of the "See America First League" and these lectures and views are the embodiment of his belief that we should see our own America before any other country.

The following Friday evening and Saturday afternoon, we shall journey with Dr. Grant to the Great Northwest, and see a thousand things you never saw before in the

"Glories of the Mighty Columbia River"

Excepting the Friday evenings and Saturday afternoons as noted above, the Kinemacolor Coronation pictures will be exhibited daily at 2.30 and 8.15 p. m., as usual.

Other courses of Travel Lectures will be announced from time to time.
